

# Central East SGS Provider Experience Evaluation 2024

## Recommendations for improving SGS Provider Experience

The results of the Provider Experience survey and SGS Leadership interviews were reviewed to identify priorities action items at macro, meso, and micro levels:

### Health System level:

- Increase Investments in Geriatrics
- Expand Professional Training opportunities
- Explore Alternative Funding Plans
- Develop a Provincial Older Adult Strategy
- Enable digital connectivity and infrastructure

### Seniors Care Network:

- Continue Advocacy re: older adult priority issues
- Create and transfer knowledge
- Further local training endeavors
- Facilitate Standardization and Cohesion among SGS

### Host organization level:

- Create Desirable Practice Environment
- Facilitate Equity, Diversity and Inclusion
